GREENSBORO, N. C., WEDNESDAY, SEPTEMBER 28, 1898.

Price Two Cents

## No More Credit.

After Sept. 30th, 1898, we will adopt the Cash System. Our books will be closed, and our prices reduced from ten to fifteen per cent. We are convinced that this is the proper way to conduct a dry goods and shoe business to the mutual interest of customer and merchant. It will cost any merchant from ten to fifteen per cent more to do a credit business than it would to sell the same amount of goods for cash; this difference we propose to give our customers if they are willing to pay us spot cash. (Proof of the above statement can be seen below.) We feel sure that any one buying for cash will not fail to see where it will be to their interest to trade with us.

Thanking you for past favors, we are,  
Yours truly,  
J. M. HENDRIX & CO.

FOR EXAMPLE—Mr. A buys dry goods and shoes to the amount of \$1,000 and sell them on credit at a profit of 30 per cent, his gain is \$300, but this is not all gain as the following will prove: Any merchant doing a credit business is bound to have some losses. This we will put at the low estimate of 5 per cent. He will have to employ a bookkeeper and collector, which will cost him 5 per cent, and if he sells on credit he must necessarily lose 5 per cent discount which he could get off if he paid cash for his goods. Add all these losses and expenses together and we find that Mr. A, instead of making \$300, has only made \$150.

Now we will look at the other side of this question.

Mr. B buys dry goods and shoes to the amount of \$1,000 and sells them for cash at a profit of 15 per cent; his profit would be \$150. Mr. B, by selling his goods for cash will be able to pay cash and get the 5 per cent discount which would amount to \$50. Add this to the \$150 and we find that Mr. B has made \$200, or \$50 more than Mr. A, and has sold his goods at one-half the profit. In other words Mr. B, the cash man, has sold his customers goods 15 per cent less than Mr. A, and has made \$50 more. Is it not plain to see that selling goods for cash is of mutual interest to merchant and buyer?

J. M. HENDRIX & CO.

## A "FULL DRESS" LADIES' TEA.

**A Delightful Evening—Music, Refreshments, Dancing.**

Promptly at 6 o'clock yesterday p.m. a bevy of beauties, with a goodly sprinkling of fair dames, stormed the citadel on the heights of Gaston street, where Mrs. James Callum spreads a hospitable board. Miss Margaret Callum generously proposed to entertain in honor of her friends, Misses Annie Price and Nan Lemmon, of Virginia, and was graciously assisted by Miss Pryor, of Lynchburg, Misses Shober, Staples, and others of the city. The different apartments, all thrown into one and brilliantly lighted, were all agog with flashes of wit and gay repartee, while little Misses Gilmer and Champ Gilmer gilded in and out through the throng dispensing dainty teas, chocolate, etc., as well as more substantial refreshments.

Toward the close of the delightful hour several of the guests were lured by Terpsichore in a few rhythmic rounds of the light fantastic to the dulcet strains of guitar and mandolin. Under the beneficent rays of the gorgeous harvest moon they fled out after bidding a reluctant adieu to their charming hostess, and you would recognize in the number, besides those already mentioned Misses Eleanor Brooks, Cornie Callum, Jennie Tyson, Walker Fry, Mable Kase, Maie Small, Daisy Carraway, Susie Reece, Sarah DeButts, Nettie Sloan, Alice Small, Annie and Lizzie Lettwich, Annie Sneed, of Va. Mesdames Lizzie Leay, of Danville, McDuffie, W. B. Bogart, W. B. Brooks, George Royster, Ireland, Grissom, Leak, Carpenter, Devenish, Osborn, Koiner, McDuffie, Mrs. Albert Wilson, Misses Jennie Gilmer and Josephine Fulford.

**GROWING AND ENLARGING.**  
**The L. Richardson Wholesale Drug Company.**

We are pleased to note the rapid growth of the L. Richardson Drug Co., of this city. Beginning last spring in the Groome building, corner of South Elm and Lewis streets, they have already outgrown their quarters and are moving into the W. G. Mebane Co. building on South Elm street, north side of the railroad.

They have purchased the flavoring extract manufacturing department of the W. G. Mebane Co., and will have Mr. J. D. Helens associated with them as head of this department, which they expect to very much enlarge, manufacturing all the flavoring extracts, bottled drugs and family medicines sold by jobbers, general merchandise and grocery stores.

The great advantages of buying drugs, patent medicines and chemicals from this firm is manifest in saving much freight (to our city merchants, all the freight) and quick delivery. This fact is daily drawing on our sharp-eyed business men and merchants all over the state, as is evidenced by the gratifying monthly increase in volume of business done by this firm.

They deserve the full measure of success they are attaining. They work hard and their prices are as low and often lower than Richmond and Baltimore are to be told. The city of Greensboro can but take a just pride in such enterprises as this.

**WILL NOT HANG TO-MORROW.**  
**Sam Lucas—The Murderer's Execution Delayed.**

To-morrow, September 29th, is the day appointed by Judge Timberlake at the last term of court here for the execution of Sam Lucas, the murderer of Henry Wood. On Saturday, Aug. 20th, Lucas shot Wood in the office of the Southern Express Company. Wood died the Sunday following from the effects of the shot, and four days' afterward Lucas was tried and found guilty and sentenced to be hung on September 29th. But the appeal to the Supreme court will stay the execution until the next term of Superior court. The Supreme court may grant a new trial, but Lucas has, nor has had, no hope of this, and at the time the appeal was taken he objected to it, but it was done through the efforts of his wife.

**A Painful Injury.**  
A Mr. Jackson, who lives a short distance beyond the county poor house, while out driving yesterday evening, met with a very painful injury. His horse, being full of meanness, began running and kicking, and Mr. Jackson jumped from the vehicle striking the ground on his right elbow. Fortunately no bones were broken, but his arm was badly bruised. Dr. J. P. Turner attended him, and tells us Mr. Jackson will be laid up for several weeks.

## THE MECKLENBURG CASE.

**Judge Furches Reserves His Decision.**

**MUST BE THREE REGISTRARS.**

**Point Involved: Is a Party Entitled to Representation Where It Has No Recognition?**

The petition made by Chairman Holton and Dr. Thompson for the removal of certain Registrars in Mecklenburg county was heard before Judge Furches at the Supreme Court building yesterday.

A volume of affidavits, depositions, etc., and the answer of the defendants was filed and the attorneys argued the case. Judge Furches reserved a decision in the case. There is a lot of evidence to review and a decision will hardly be made for several days.

The defendants, the Register of Deeds, Clerk of the Court and Chairman of the Board of County Commissioners of Mecklenburg, constituting the Board of Election was represented by attorneys P. D. Walker and Frank Shannhouse, of the Charlotte bar; Maj. J. W. Graham and D. K. Pope, of Charlotte, were the attorneys representing the plaintiffs. There was present Mr. P. M. Brown, chairman of the board of county commissioners, and Mr. J. W. Cobb, the register of deeds of Mecklenburg. Other interested spectators were Chairman E. A. Holton, Dr. Warren Vines Hall and J. W. Mullen, the chairman of the republican executive committee of Mecklenburg.

The hearing of the case began at 3 o'clock and was concluded at 6 p. m. The answer of the defense was read by Mr. Shannhouse, after the reading of the petition.

The republicans asked for the removal of thirteen registrars and the populists for eight. Mr. Shannhouse read numerous affidavits sustaining the appointments made by the board of election of Mecklenburg county, while Attorney Pope read the affidavits of the plaintiffs.

The attorneys for the defense made out a strong case. It was shown beyond doubt that the board of elections of Mecklenburg, in the selection of registrars, appointed men of intelligence and integrity. The lists of registrars suggested by the democrats was not even accepted by the board. Partisans were removed in every instance.

In several precincts there were no populist voters and democrats were chosen to represent the party. The populist chairman submitted the names of republicans negroes to represent his party. In more than one instance the negroes were shown to be worthless characters. Nothing was said against the democrats whom the board appointed to represent the populists.

Objection was also made to the appointments of Bank Potts, who is a democrat, in place of a populist. The populists recommended L. Tate. The defense read affidavits setting forth that Tate was a republican and a worthless negro; that Potts is a man of good character, and that there being no populist in the district Potts was selected to represent the party.

Argument was opened in the case by D. K. Pope for the plaintiffs. He contended that the board did not appoint the registrars in good faith, but selected men whom, he said, are continually drunk and who can be bought. If the election board had desired to act fairly the men recommended by the populist and republican chairmen would have been selected.

Mr. P. D. Walker followed in a strong argumentative speech for the defense. The speaker said he took it that the decision in the case of Harkins against Cathey, rendered by this court, would not affect this case. The Legislature has changed the law since then governing the appointment of registrars. Then the clerk appointed and now a board of election appoints. I take it that the change was made for some reason. There is only one requirement of the law that is mandatory on this board. The different political parties must be recognized. This is the only condition.

Judge Furches: "That is one requirement."

Mr. Walker: "It is generally understood that a registrar must be a man of some intelligence and must be able to read and write."

This board had a right to act without consulting the chairmen of either party. That board had a right to reject every suggestion from any political party in the appointment of registrars. But it did not do that, though it could have done so with respect and courtesy. This board found on the

## NOTES FROM HIGH POINT.

**The Local News From Our Neighbor Briefly Told.**

TELEGRAM BUREAU.  
HIGH POINT, N. C., Sept. 28, '98.

At the last meeting of the board of aldermen they passed an ordinance prohibiting the dumping of old rubbish of any description into the street. We have not heard of any one being arrested on this charge yet. Possibly the proper authorities have not heard of any person violating this ordinance but it has been violated and we will be glad to go with them to the spot where the rubbish has been dumped. Possibly the people who violated the law did not know that it was against the law to do so as they may have never seen a newspaper or the ordinance anywhere. So we think the surest and quickest way to let the entire community hear of it would be to arrest some one on the charge and the "gossippers" will do the rest.

The floor of the entrance to the National Bank building has been laid with steel.

H. Harris & Bro., the hustling little Jews have something unique in the way of an "ad." It is a tin dipper with their "ad" in the bottom of it. They are placed at all public wells and at the factories.

We have never been troubled much with red mud on Main street, but we soon will be if the wagoners hauling dirt from the foundation of Mr. Trillis' new buildings don't use better wagon beds.

The Mayor's court did a good business yesterday morning. Seven cases for "scrapping" among both whites and colored were before "His Honor" and disposed of; also one charged with selling whiskey and bound over to Superior court.

The registration books for the south High Point precinct will be open at Welch's livery stables on Oct. 1, 8, 15 and 22, from 9 a. m. to 4 p. m., and on Oct. 29 from 9 a. m. to 9 p. m. The latter date will be challenge day.

Dr. J. J. Cox has bought the Willis property adjoining him, west of his residence.

We regret that parties interested forbid us reporting the trade in hotel business here today. We will report it tomorrow.

Lewin Harris received some slight bruises on the head and arms yesterday while trying to hold Harris & Brown's dray horse while he was running away. The horse broke the shafts off and went home without harness on or a scratch.

W. C. Jones, while driving his little mule up street at a 2:40 gait, was run down by Chief Police Bennett on a wheel. But it happened that Bennett run him down to avoid an accident instead of to arrest Bill. Bennett had found a nut that he thought had worked off the spindle of Bill's cart. Thus he ran him down.

We stated on Monday that Private Clyde Curlee had returned home. That was a mistake. He will return soon.

Capt. Rankin will doubtless stop running a bob-tailed train. A first-class car has been added to his train permanently.

**Whitsett Items.**

Whitsett, Sept. 28th.  
L. R. Mason, of Virginia, entered school today.

The young ladies of the Star Literary society will give an entertainment in the Institute Oct. 8th, at 7:30 p. m.

The boys played their first game of football this season yesterday. They will soon be in good trim and ready for a match game.

Chas. Elmore, who is with the Carolina Shoe Co, spent the first of the week here.

Several of the boys went to Gibsonville Saturday to hear Brooks and Wilson.

Chas. Brown, who has been resting in this community for some time, returned home yesterday.

Will Lowe returned home yesterday from Richmond where he has been doing some carpenter work.

The senior, junior and sophomore held their meeting today in the institute.

A fire occurred at the Park about 2 o'clock last night which came very near being serious. The boys from the Wharton hearing the girls crying "fire! fire!" went to their rescue and saved the building from destruction. It was caused by rats setting fire to some paper in the wood box.

The Winston Tobacco Fair Association has issued a handsome pamphlet, containing illustrations of the principal places of interest, where the fair will be held, etc., together with facts about Winston-Salem. The fair takes place November 2nd, 3rd and 4th. The fair last year was a success; it will be greater this year.

We are glad to see that Ex-sheriff Bob McArthur has been nominated for sheriff of Forsyth county. He is every inch a man in any view you take of him, and when he held the office he made a model sheriff. The people of Forsyth county should honor themselves by again electing R. M. McArthur to the office of sheriff. Here's to you, Bob, and may the only question be as to the size of your majority.

Colonel Theodore Roosevelt, as was foreshadowed in our press dispatches, is the republican nominee for governor of New York state. He got it in spite of the fact that he hired a lawyer to prepare evidence to prove that he was a citizen of the state. There was some suspicion that he had changed residence in order to avoid the payment of taxes. This may or may not be true, but he will probably be known in this campaign as "Teddy the Tax-dodger."

It would seem, judging from the number of applicants rejected yesterday, that it is not as easy to become a lawyer now as it has been of late years. On this point the Charlotte Observer says:

"The Supreme court yesterday rejected nearly half of the applicants for law license. We compliment the court upon the fact that it is paying some attention to the qualifications of the men who apply to it for license. The rule has been to turn loose upon the public all who ask for this liberty. As nice discrimination needs to be exercised in the licensing of lawyers as of doctors. One class has to do with the lives of the people; the other with their lives, liberty and property."

A colored man said a few days ago that a negro who voted the democratic ticket voted against his color and was a sorry negro. He then said (without knowing or realizing the force of what he was saying) that a white man who did not vote the democratic ticket was a sorry white man. He viewed the thing from the standpoint of color alone. Shall it be said that colored people are more loyal to their race

than white people are to theirs? Keep this idea in mind and as the ideas of November approach and the nights are getting cool, sit down by your fireside, put this thought in your pipe and smoke it; then ask the good wife whom you have solemnly promised to love and protect, how she likes it.

## THE MECKLENBURG CASE.

(Continued from first page.)

list submitted by the populist chairman, some twelve men whom they had already decided to appoint. As many, if not more names were rejected from the democratic list submitted than were from the populist or republican list. The board made the appointment of registrars with a view of getting intelligent citizens and with the object of eliminating partisans so far as possible. The lists of all three parties was torn to pieces. Does this smack of partisan politics? It has been shown here by reputable citizens that there were no populists in certain townships in the county. Was the board bound to appoint a republican because there was no populist? Why a republican instead of a democrat? The record of these republicans appointed has been challenged. In the case of Harkins against Cathey it was decided that a man's oath was the best evidence of his politics. We have the declaration of these men, as well as evidence, showing that they were republicans. Evidence is presented that the republican state chairman recognized these men as republicans in '96 and there has been no evidence to the contrary since to show that they have changed their political faith.

A good many of the men suggested by the populist and republican chairmen have been shown to possess bad character. Some of them are notoriously bad characters.

Major John Graham followed Walker for the plaintiffs. He stated that the first question to consider was what constituted a political party. The state law says a party is determined by the vote for the Governor. The vote for the President of the United States has nothing to do with the determination of a political party in North Carolina. A man who votes for a republican president cannot be classed as a republican.

Suppose a political party is not represented in a township. As in the case of an administrator the next of kin should be chosen. This would carry out the intent of the law.

Judge Furches suggested that where a party had no representation it might lose its right to be represented. The Judge asked Maj. Graham what he thought of the suggestion. Maj. Graham replied that upon a strict construction of the law, if only two parties were represented at a precinct, then those two parties would alone be entitled to recognition. Maj. Graham contended however, that in the absence of the representative of a party, the chairman should be allowed to choose the person representing the party.

He stated that a man who followed the national organization did not necessarily belong regularly to that party. I take it that a populist is a man who voted for Maj. Guthrie in the last election. The act creating the election law gives the judges of the supreme and superior courts authority to appoint registrars, by removal or otherwise. The law expects your Honor to select some person as a fair representative of the party where there is no representation. The question is what is a man's political faith. Actions speak louder than words. If a man goes in one of these white unions or a democratic primary his action would speak louder than what he might say.

The chairman of any political party or ten citizens; can make petition for a change or removal of registrars.

Mr. Walker replied to Maj. Graham. He differed with Major Graham as to the test of a man's political faith being dependent upon the Governor's vote. The vote of the Governor was singled out for the purpose of designating a political party.

Your Honor seems to be in doubt about the appointment of three registrars, when one political party is without representation. I maintain that the election board can select two democrats as well as two republicans, when the populists are without representation in a precinct. Section 8 of the election law says that "Any two registrars shall constitute a quorum." This implies that there shall be more than three registrars in each precinct. —Morning Post.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Howard Gardner.

## THE UNIVERSITY.

### Now 447 Students Enrolled and Twelve States Represented.

President Alderman remained in the city yesterday looking after matters connected with the University. He was seen by a reporter of the News and Observer and was justly enthusiastic about the splendid opening of the University. The close of the second week finds 447 students at the University, with 460 in sight. Dr. Alderman said that there were fewer optional students than ever before and much better prepared new men, owing to the good work of the fitting schools and the more rigid regulations of the University. Over thirty-five new men have entered the higher classes from other colleges and academies. Eight to the senior class alone from colleges in this state, and from colleges in South Carolina, Tennessee and Pennsylvania.

Twelve states are represented. He declared that the University was never so well equipped externally and internally and that plans were forming to make the present session one of unusual value along all lines of student activities.

The literary societies especially were showing great vigor and preparing to do better work than ever before. Chapel Hill itself has caught the spirit and is building and improving residences and streets, while Mr. Tom Lloyd is erecting a large cotton factory near the depot.

There are more academic students at Chapel Hill, we learn, than at any southern University, and most of them are from this state. This speaks volumes for the confidence the people have in their oldest and highest institution of learning. —News and Observer.

Despite the fact that hundreds of persons have killed themselves because they have been ruined by the Vienna Municipal Lottery, the Viennese continue to regard the institution with favor; it keeps down the taxes.

The people of Saltillo, State of Coahuila, Mexico, have called the attention of the United States Government to the fact that the bodies of over 500 American soldiers lie in unmarked graves near that city. They were the victims of the battle of Buena Vista, the scene of which was 14 miles from this neglected military cemetery. After the battle the dead were conveyed to Saltillo and interred, and an adobe wall was built around the graveyard. The ground is owned by a Mexican, who now contemplates utilizing it for other purposes.

## A CRITICAL TIME

During the Battle  
of Santiago.

SICK OR WELL, A RUSH  
NIGHT AND DAY.

The Packers at the Battle of Santiago  
de Cuba were all Heroes. Their  
Heroic Efforts in Getting Ammu-  
nition and Rations to the Front  
Saved the Day.

P. E. Butler, of pack-train No. 3,  
writing from Santiago, De Cuba, on  
July 23rd, says: "We all had diar-  
rhea in more or less violent form,  
and when we landed we had no time  
to see a doctor, for it was a case of  
rush and rush night and day to keep  
the troops supplied with ammunition  
and rations, but thanks to Chamber-  
lain's Colic, Cholera and Diarrhoea  
Remedy, we were able to keep at work  
and keep our health; in fact, I sin-  
cerely believe that at one critical time  
this medicine was the indirect saviour  
of our army, for if the packers had  
been unable to work there would have  
been no way of getting supplies to the  
front. There were no roads that a  
wagon train could use. My comrade  
and myself had the good fortune to  
lay in a supply of this medicine for  
our pack-train before we left Tampa,  
and I know in four cases it absolute-  
ly saved life."

The above letter was written to the  
manufacturers of this medicine, the  
Chamberlain Medicine Co., of Des  
Moines, Iowa. For sale by C. E.  
Holton.

Virgil Blue, an old colored man of  
Fauquier Court House, Va., called at  
the war department the other day to  
inquire about two of his sons who  
were wounded at Santiago. He said  
that he had thirty-five nephews in the  
colored regular and volunteer regiments—  
"sort of a fightin' crowd"—  
and that he used to enjoy a "tussle"  
himself.

Miss Natalie Schenck's famous end-  
less chain was at last accounts still  
bringing dimes, postage stamps and  
other mediums of exchange into Baby-  
lon, Long Island. The daily receipts,  
though much reduced, are still con-  
siderable, and on September 1, the  
profits of the chain amounted alto-  
gether to more than \$20,000.

## CLAIMED TO BE A BURLAR.

An Insane Man Gets Into Jail For  
Another's Crime.

Huntingdon, Pa., Sept. 27.—Recent  
developments here prove that an in-  
nocent man is now serving a term in  
the Western Penitentiary for anoth-  
er's crime. On the morning of July  
20th Louis R. Leister was shot in the  
abdomen by a burglar, whom he en-  
countered in the hallway of his fath-  
er's residence. The burglar escaped.  
Two weeks afterward a stranger ar-  
rested at Tyrone was identified by Mr.  
Leister as the person who shot him.  
The prisoner admitted his guilt, and  
from that time until he was called for  
trial he continued to declare that he  
was guilty. The court sent him to the  
western penitentiary for eight years.

A few days since he wrote a letter  
from the penitentiary to Deputy Sher-  
iff Wilson here asking that steps be  
taken to have him pardoned, as he  
was not guilty of the crime for which  
he was sentenced. For the first time  
he gave his real name, James J. Mc-  
Garrigle, and stated that he was an  
inmate of the insane asylum at How-  
ard, R. I., until July 26, when he  
made his escape. These statements  
were communicated to Dr. George  
Keene, superintendent of the asylum,  
and fully verified. The shooting took  
place a week before he escaped.

Lloyd's Weekly Newspaper, which  
was established in London fifty-five  
years ago, has an affidavit circula-  
tion of 1,152,969. A writer in Cassell's  
Magazine says that the annual output  
of the Messrs. Lloyds' paper mills in  
England is 600,000 miles of paper a  
yard in width—"considerably more  
than long enough to reach the moon  
and return again to mother earth; or  
if wound around our planet it would  
traverse it twenty-four times."

DeWitt's Witch Hazel Salve has  
the largest sale of any salve in the  
world. This fact and its merit has  
led dishonest people to attempt to  
counterfeit it. Look out for the man  
who attempts to deceive you when you  
call for DeWitt's Witch Hazel Salve,  
the great pile cure.

## Special Notice.

Proposals will be received by the  
city of Greensboro, N. C., up to No-  
vember 15, 1898, for lighting the  
streets of said city with electricity for  
a period of three or more years from  
January 1, 1899, said proposals to be  
based on seventy or more arc lights of  
1,200 candle power. City reserves  
right to reject any or all bids. Bids  
or inquiries should be addressed to B.  
H. Merrimon, chairman light commit-  
tee, Greensboro, N. C.

In connection with the above the  
Industrial and Immigration Association  
of Greensboro urges investors to  
investigate Greensboro as a place for  
building an electric street railway and  
power plant. Numerous small manu-  
facturing concerns want power of this  
kind. Incandescent lights are wanted.  
City has a population of over 10,000  
and is growing rapidly. Unusual op-  
portunity for those who mean busi-  
ness; no fakirs wanted. Information  
will be furnished by the I. & I. Asso-  
ciation.

## How to Look Good.

Good looks are really more than  
skin deep, depending entirely on a  
healthy condition of the vital organs.  
If the liver is inactive you have a  
bilious look; if your stomach is dis-  
ordered you have a dyspeptic look;  
if your kidneys are affected you have  
a pinched look. Secure good health  
and you will surely have good looks.  
"Electric Bitters" is a good alterative  
and tonic. Acts directly on the stom-  
ach, liver and kidneys, purifies the  
blood, cures pimples, blotches and  
boils, and gives a good complexion.  
Every bottle guaranteed. Sold at C.  
E. Holton's drug store. 50 cents per  
bottle.

The services at Grace church are increasing in interest. Rev. W. F. Kennett, who is conducting the services, preached last night a very plain, practical, impressive sermon on the "Importance of Bringing Children into the Kingdom." The subject tonight will be "The Influence of Mothers."

A wagon loaded with brick while crossing the street car track diagonally this morning had a rear wheel broken off and the bricks scattered. The heavy load on the wagon made it impossible to cross anyway but straight but the driver preferred to cross at a slight angle and smashed his wheel.

Senator J. C. Pritchard, of Marshall, spent last night at the Benbow and left this morning for Wilkesboro. He will speak there today and at Winston tomorrow. Senator Pritchard will speak here next Wednesday night. Hon. R. B. Glenn, of Winston, will speak here next Tuesday night. We're getting them thick.

### Broken Glass in the Streets.

There is a custom in some parts of Greensboro of throwing broken bottles, smashed tumblers, window glass, etc., in the streets, and the practice has cost wheelmen many a charge for a puncture. A gentleman was out riding yesterday and passed a place where there were a number of boys playing. When he returned he encountered a lot of smashed glass which had been placed in the track since he passed. If there is no ordinance against this practice there should be, and it should be rigidly enforced.

### The A. & M. College.

### U. S. Fish Car Here.

One of the United States Fish Commissioners cars is here for a day or two to distribute fish in this section. The car is excellently fitted up. The fish, which are smaller than our minnows, are kept in large cans on either side of the car. The cans are protected by two nice wooden cases which are almost the length of the car. In one end of the car is the captain's office which contains two berths. In the other end are the stove, for cooking and an air pump which is continually pumping air into the fish cans. The car has, in all, six berths. Several cans of fish were sent up the Wilkesboro road and some to Madison this morning. The government owns four of these cars and expends \$400,000 annually distributing fish to different parts of the country.

### Shooting Too High.

We heartily concur in the proposition of "Taxpayer," in a communication in the Record yesterday, to issue bonds for the ownership of waterworks, putting in sewerage, macadamizing streets, etc. He also proposes for \$30,000 to build a city hall "capable of seating 10,000 or 15,000 people with a market house underneath." The writer here must have made a huge mistake in his figures.

There is, perhaps, not an auditorium in the United States capable of seating 15,000 people. Madison Square Garden, New York, we believe, will only seat 8,000 to 10,000. A city hall to seat one thousand to fifteen hundred would be nearer the correct thing. Anyway it is nearer the size of the amount proposed to appropriate for that purpose.

On the feet of many men in Greensboro you will find our "Foot Form" shoes. They are perfect models in the way of "Foot Gear." Try a pair. Carolina Shoe Co.
